

Your (Half Yearly Compliance Report) has been Submitted with following details

Proposal No	J-11015/64/2008-1A-11(M)
Compliance ID	1229367494
Compliance Number(For Tracking)	EC/M/COMPLIANCE/1229367494/2026
Reporting Year	2026
Reporting Period	01 Jun(01 Oct - 31 Mar)
Submission Date	28-05-2026
RO/SRO Name	V Geroge Jenner
RO/SRO Email	tr025@ifs.nic.in
State	ANDHRA PRADESH
RO/SRO Office Address	Integrated Regional Offices, Vijayawada

Note:- SMS and E-Mail has been sent to V Geroge Jenner, ANDHRA PRADESH with Notification to Project Proponent.

Half Yearly Compliance Report**2026****01 Jun(01 Oct - 31 Mar)****Acknowledgement**

Proposal Name	Limestone Mine(ML area of 407.05 ha. and production of 3.819 MTPA) at villages Nawabpeta and Talamanchipatnam , in Mylavaram mandal, in Kadapa Dist., in Andhra Pradesh-Environmental Clearance-Reg		
Name of Entity / Corporate Office	Ms Dalmia Cement (B) Limited		
Village(s)	N/A		
District	Y.S.R.		
Proposal No.	J-11015/64/2008-1A-11(M)	Category	Non-Coal Mining
Plot / Survey / Khasra No.	N/A	Sub-District	N/A
State	ANDHRA PRADESH	Entity's PAN	*****9414C
MoEF File No.	J-11015/64/2008-1A-11(M)	Entity name as per PAN	DALMIA CEMENT (BHARAT) LIMITED

Compliance Reporting Details

Reporting Year	2026
Remarks (if any)	Submission of Six-monthly Compliance Status Report of the Environmental Clearance granted by MoEF and CC for Nawabpeta-Talamanchipatnam Limestone Mine (M.L Area of 407.05ha.) at villages Nawabpeta and Talamanchipatnam, Mandal:Mylavaram , Dist.:Y.S.R Kadapa, Andhra Pradesh by M/s Dalmia Cement(B) Limited-Reg.
Reporting Period	01 Jun(01 Oct - 31 Mar)

Details of Production and Project Area

Name of Entity / Corporate Office	Ms Dalmia Cement (B) Limited	
	Project Area as per EC Granted	Actual Project Area in Possession
Private	407.05	407.05
Revenue Land	0	0
Forest	0	0

Others	N/A	N/A
Total	407.05	407.05

Others Area

Sr. no	Other Name	Area Granted	Area Actual
--------	------------	--------------	-------------

Production Capacity

Sr. no	Product Name	units	Valid Upto	Capacity	Production last year	Capacity as per CTO
1	Limestone	Million Tons per Annum (MTPA)	30/11/2030	3.819	3.819	3.819

Conditions

Specific Conditions

Sr.No.	Condition Type	Condition Details
1	Corporate Environmental Responsibility	A comprehensive Conservation Plan for Wild Life shall be prepared and implemented in consultation with the Chief Wild Life Warden. Necessary fund for implementation of the same be separately allocated

PPs Submission: Complied

No Wild Life Sanctuary/ Reserved Forest within the 10 km of project area at the time of EC. No Schedule-I fauna found in the buffer zone. The same has also been confirmed by DFO, Proddatur Division, Kadapa after site inspection. Nearest Forest area of Pennar plantation VIII, compt. No 62 is about 9 km. We are submitted Application in Chief Wildlife Warden by 7th October- 2019. Wildlife conservation plan Approved by Chief Wildlife warden on 04.10.2021.

Date:
27/05/2026

2 Statutory compliance

Primary survey data of flora and fauna in the core and buffer zone and also authenticated list of the same shall be submitted to the Ministry within six months.

PPs Submission: Complied

The primary data of flora and fauna in the core and buffer zone has been collected. List of flora and fauna found in the area is mentioned in the inspection report of Forest Range officer forwarded by DFO, Proddatur Division, Kadapa. The same is attached herewith as Annexure - I We are submitted Application in Chief Wildlife Warden by 7th October- 2019 in compliance of conditions no 1 and 2 by 7th October- 2019.

Date:
27/05/2026

3 GREENBELT

50m barrier no mining zones on both sides of the nallah (all along) shall be demarcated and the area shall be vegetated with thick native vegetation of different species.

PPs Submission: Partially Complied

Partially Complied A safety barrier of 50 m has been demarcated towards the mining site of the Nallah and no mining activities are proposed at the other side of Nallah. Other side of the Nalla till the lease boundary will remain undisturbed and villagers are continuing the agricultural practices. Plantation has been undertaken in part area along Nallah. We undertake to complete the plantation along the mining side of the Nallah (One Side) in the under progress.

Date:
27/05/2026

4	LAND RECLAMATION	Land-use pattern of the nearby villages shall be studied, including common property resources available for conversion into productive land. Action Plan for abatement and compensation for damage to agricultural land / common property land (if any) in the nearby villages, due to mining activity shall be submitted to the Regional Office of the Ministry within six months annual status of implementation of the plan and expenditure there on shall be reported to the regional of the ministry
<p>PPs Submission: Partially Complied Complied Land use pattern of the buffer zone (10 km from the mine boundary) has already been studied and submitted. No damage to the agricultural land / common property land reported due to mining operations. The Mining Operations are restricted to 208.58 ha currently as per the mining plan till 2028. DCBL is continuously doing efforts supporting the agricultural best practices in the surrounding areas with implementation of various activities under CSR such as implementation of Integrated Watershed Management Projects, facilities for availing consultations and advice from experts on best practices for improving productivity and to optimize requirement of fertilizers, water and manpower, information on market for the produce, Construction of Farm Ponds, Introduction and implementation of Drip-irrigation technology, Check wall, Gabions, Trenches Dams etc.</p>		<p>Date: 27/05/2026</p>
5	Corporate Environmental Responsibility	Need based assessment of the nearby villages shall be conducted to study the economic measures which can help in upliftment of poor section of society. Company shall provide separate budget for community development activities and income generating programmes. This will be in addition to vocational training for individuals imparted to take up self-employment and jobs.
<p>PPs Submission: Complied Complied. Socio Economic Survey has been conducted by the management. To assess the needs of the villagers and the identified needs are fulfilled through our organization CSR activities. As per the need-based assessment the M/s DCBL has been conducted the many skill development and community development programs. The details are attached separately in Annexure-2</p>		<p>Date: 27/05/2026</p>
6	Corporate Environmental Responsibility	Socio economic profile and rehabilitation action plan for families affected directly or indirectly due to mining shall be prepared for immediate implementation before starting mining and shall be submitted within six months to the regional office of the ministry
<p>PPs Submission: Complied Complied There is no habitation within ML area hence no resettlement was required. Land price was fixed by the village development committee and was purchased through mutual agreement and terms and conditions. All Socio-Economic Survey conducted through a third-party M/s B.S. Envitech Pvt. Ltd. after EC and same regularly been conducted through participatory rural appraisal, stake holders discussions etc. 161 people of Nawabpet village alone have been employed in different roles as per their qualification and skills. Total 308 people have been provided employment as per the MOU with the Village Development Committee.</p>		<p>Date: 27/05/2026</p>
7	WATER QUALITY MONITORING AND PRESERVATION	Water to be supplied for drinking purposes shall be treated to meet the prescribed standards. Monitoring of water quality for drinking shall be undertaken on daily basis especially for fluoride and arsenic and records maintained.
<p>PPs Submission: Being Complied Being Complied The water is also being tested for potability in the government approved laboratories and kept the records readily available. It is found that fluoride and arsenic is well within the prescribed norms. Monthly we are measuring fluoride and arsenic values as the source of intake is same. Daily we are measuring TDS and PH values</p>		<p>Date: 27/05/2026</p>
8	AIR QUALITY MONITORING AND PRESERVATION	Transportation of lime stone ore to the cement plant shall be through closed conveyor belt system

<p>PPs Submission: Complied Complied A closed belt conveyor of length 3 kms installed for transportation of limestone to plant.</p>		<p>Date: 27/05/2026</p>
9	<p>WATER QUALITY MONITORING AND PRESERVATION</p>	<p>Rain Water Harvesting scheme shall be undertaken in consultation with the Regional Director, Central Ground Water Board and action plan for implementation of the scheme shall be submitted to the Regional Office of the Ministry, Central Ground Water Board and the state Govt. within six months.</p>
<p>PPs Submission: Complied Complied The rain water harvesting pit of capacity 24 lacks Cubic meter is made for collection of rain water which is used for ground water recharge. The rain water collected in Mine pit also pumped to water harvesting pit and also using for the plant process purposes. The rain water is also being harvested in the mine sump; nearly 20 lacks cubic meter capacity has been developed. Hydrogeology and Rain water harvesting study has been carried out and report was approved by CGWB and recommendations were implemented.</p>		<p>Date: 27/05/2026</p>
10	<p>WATER QUALITY MONITORING AND PRESERVATION</p>	<p>Water quality both for surface as well as ground water in the core zone shall be regularly monitored and records maintained. Water supplied for drinking shall be monitored on daily basis and records maintained. In case of contamination observed, measures for control and action taken shall be reported to State Government as well as the Regional Office of the Ministry</p>
<p>PPs Submission: Being Complied Being Complied The mine water is not discharging to the surrounding surface water. Regular monitoring of Surface and ground water is being carried out and records are maintained. No contamination has been observed till date. However, in case any contamination is observed, measures will be taken and will be reported to State Government as well as the Regional Office of the Ministry.</p>		<p>Date: 27/05/2026</p>
11	<p>LAND RECLAMATION</p>	<p>Measures for prevention and control of soil erosion and management of silt shall be under taken protection of dumps against erosion shall carried out with geo textile matting or other suitable material and thick plantations of native trees and shrubs shall be carried out at the dumps slopes. Dumps shall be protected by retaining walls as there are eleven other mines which are contiguous to the subject mine, total silt load shall be assessed and measures for prevention and control of silt shall be submitted to the Regional office of the Ministry within six months.</p>
<p>PPs Submission: Being Complied Being Complied. The dumping area is around 30.66 He and 58.51 lacks Cum of OB material dumped in the area. The dump yards are being stabilized by putting the dry pitching along the dump yard. The thick plantation on the top of the dump has been carried out to arrest the soil erosion. Detail measures adopted for stabilization of dump. Total Soil (OB: 58.51 lack Cum and Top Soil: 18.22 lack Cum 76.74 lack Cum).</p>		<p>Date: 27/05/2026</p>
12	<p>WATER QUALITY MONITORING AND PRESERVATION</p>	<p>Trenches/garland drains shall be constructed at foot of dumps and coco filters installed at regular intervals to arrest silt from being carried to water bodies, adequate number of check dams and Gully plugs shall be constructed across seasonal /perennial nallahs flowing through the ML area and silts arrested. De-silting at regular intervals shall be carried out.</p>
<p>PPs Submission: Being Complied Being Complied Garland drains are made and water is channelized to mine pit. Check dams are also made at certain places to arrest flow of loose sediments with surface run offs. De-silting is carried out at regular intervals. The pure water is being used for mine and plant process purpose and</p>		<p>Date: 27/05/2026</p>

greenbelt development. Since the area receives very low rainfall hence there is no requirement of huge settling ponds. Check dams, rock fill dams are provided in the seasonal Nala under water shed programs.		
13	Human Health Environment	Occupational health and safety measures for the worker including identification of work-related health hazards. Training on malaria education, HIV and health effects on exposure to mineral dust etc. shall be carried out the company shall engage a full-time qualified doctor who is trained in occupational health periodic monitoring for exposure to reparable mineral dust on the workers shall be conducted and records maintained including health records of the workers shall be conducted and records maintained including health records of the workers. Awareness program for workers on impact of mining on their health and precautionary measures like use of personal equipments etc. shall be carried out periodically review of impact of various health measures under taken (at interval of five years or less) shall be conducted followed by flow of action wherever required
<p>PPs Submission: Complied</p> <p>Complied The required PPE is being provided to all the mines employees. The training is also being conducted at regular intervals by the qualified doctors for creating more awareness on malaria, HIV and health effects due to the mining operations. Occupational health and safety measures are being taken and the company is having a full-fledged SHE policy and is being implemented by them. Initial medical examination conducted for all mines employees as per the standards specified in Form-0 and the medical reports are available in mines office and in dispensary. Dispensary provided with 4 beds with sufficient staff and a full time qualified doctor and infrastructure provided. Personnel exposure study is being conducted regularly and no adverse impact is noticed.</p>		Date: 27/05/2026
14	PUBLIC HEARING	Action taken report on issues raised and commitments made during public hearing shall be submitted to the regional office of the ministry and the state Govt. within six months after mining operation begins
<p>PPs Submission: Complied</p> <p>Being complied. The main issues are provision of employment, education and health facilities for local people. The DCBL management has provided the employment for 150 local people. The full-fledged dispensary has been provided and extends the medical facilities to the local people with free of cost.</p>		Date: 27/05/2026
15	AIR QUALITY MONITORING AND PRESERVATION	Dust fall measurements shall be periodically carried out including particle size analysis in work zone area. Result shall be submitted to the regional office of the ministry and state Govt.
<p>PPs Submission: Being Complied</p> <p>Being Complied Air born dust survey is being conducted on a monthly basis by High Volume Samplers. Effective Water Mist System during drilling and Dust Collector with cyclone type DCB filters arranged in drill Machine to suppress the dust. Water Tanker provided to suppress the dust over haulage road and loading points.</p>		Date: 27/05/2026
16	LAND RECLAMATION	Top soil/solid waste shall be stocked properly with proper slope and with adequate safe guards for prevention of erosion and shall be used for back filling for reclamations and rehabilitation of mined out area
<p>PPs Submission: Being Complied</p> <p>Being Complied. The top soil is being handled separately and covered on the top of the dump yards for greenery development on the dumps. Nearly 18.22 lac Cu M of top soil stored on the dump yards. Waste shall be used for backfilling of the excavated area with a 1m layer of top Soil.</p>		Date: 27/05/2026
17	WASTE MANAGEMENT	Over burden shall be stocked at earmarked dump site(s) only and shall not be kept active for long period the maximum height of the dump shall not exceed 30m, each stage shall preferably be of 10m

		and overall slope of the dump shall not exceed 28 degrees. The OB dumps shall be back filled. The OB dumps shall be scientifically vegetated with suitable native species to prevent erosion and surface run off. Monitoring and management of rehabilitated areas shall continue until the vegetation becomes self-sustaining compliance status shall be submitted to the ministry of Environment and Forest on six monthly basis
PPs Submission: Being Complied Being Complied Overburden is being stacked as mentioned in Approved Mining plan and Mining Scheme and EIA/EMP and is being vegetated with suitable native species to prevent erosion.		Date: 27/05/2026
18	WASTE MANAGEMENT	Garland drains shall be constructed to arrest silt and sediment flow from soil and mineral dumps the water so collected shall be utilized for watering the mine area, roads green belt development etc. The drains shall be regularly de silted particularly after monsoon and maintained properly. Garland drain of appropriate size, gradient and length shall be constructed for both mine pit and for waste dump and sump capacity shall be designed keeping 50 percent safety margin over and above peak sudden rainfall (based on 50 years data) and maximum discharge in the area adjoining the mine site. Sump capacity shall also provide adequate retention period to allow proper settling of silt material sedimentation pits shall be constructed at corners of the garland drains and de-silted at regular intervals.
PPs Submission: Complied Complied Garland drains are made and the water is channelized to the mine pit, check dams are also made in certain places, water is not allowed to move out of their mine lease.		Date: 27/05/2026
19	MINING PLAN	Slope of the mining bench and ultimate pit limit shall be as per the mining scheme as approved by the Indian Bureau of mines
PPs Submission: Being Complied The slope of mining bench is being maintained as per the approved mining plan.		Date: 27/05/2026
20	AIR QUALITY MONITORING AND PRESERVATION	Drilling and blasting shall be conducted by using dust extractors /wet drilling
PPs Submission: Being Complied Being Complied. Drilling: The drilling is being conducted with the help of latest ROC L6 drill machine, provided with wet drilling facility and dust collection system for effective dust controlling. Blasting: The deep hole blasting is being conducted by systematic and scientific manner with NON-Electrical initiation system approved by the DGMS. The blasting time is 1.30pm to 2.00pm and it is displayed at various places. The secondary blasting and its impacts have been completely eliminated by using the rock breaker. Ground vibration and noise is being monitored at each and every blast for minimizing the vibration and noise		Date: 27/05/2026
21	GREENBELT	Green belt development shall be carried out considering CPCB guidelines including selection of plant species and in consultation with the local DFO / Agriculture Department. Herbs and shrubs shall also form a part of afforestation programme besides tree plantation. Plantation shall be raised in 86.55 ha around the ML area, haul roads. OB dump sites etc. The density of the trees shall be not less than 2500 plants per ha. The company shall involve local people with the help of self-help group for plantation programme. Further the company shall practice poly culture plantation instead of monoculture of plant species. Details of year wise afforestation programme including rehabilitation of mined out area shall be submitted to the Ministry within six months.

<p>PPs Submission: Being Complied Being Complied. Plantation is done in the restored areas such as in back filled pits, office and site premises, besides mine road and around waste dumps. Permanent pipe line is provided for watering and they have necessary maintenance crew with water tanker for plantation works. Till date, plantation has been done over an area 50.77 ha. We have planted nearly 157769 nos saplings starting from 2008 till now. The neem etc. plantation is being done in consultation with local DFO/Agriculture Dpt. Local Species are selected as desired and as recommended by them.</p>		<p>Date: 27/05/2026</p>
22	Statutory compliance	Prior permission from the competent authority shall be obtained for extraction of ground water, if any.
<p>PPs Submission: Complied Complied Obtained permission for abstraction of ground water (78 KLD) from Central ground water Authority vide letter no Lr.No. PRR05-11028/12/2019-SLNA-GIS-CORD, Dt:12-01-2026.</p>		<p>Date: 27/05/2026</p>
23	MISCELLANEOUS	Vehicles used for transportation of ores and other mining operation shall have valid permissions as prescribed under central motor vehicle Rules, 1989 and its amendments. Measures shall be taken for maintenance of vehicles used in mining operations and in transportation of ores. Transporting of ores shall be done covered with a tarpaulin or other suitable enclosures so that no dust particles/ fine matters escape during the course of transportation. No overloading of ores for transportation shall be undertaken
<p>PPs Submission: Being Complied Being Complied We have taken following control measures to mitigate fugitive emissions: All vehicles plying in the mine are well maintained as per the OEM standards. The vehicles are being tested by the RTO approved agency and found that the emission levels are within the permissible limit. The roads are being properly maintained by road compactor and regular water spraying is being done during work hours to prevent generation of dust from vehicular movement. The vehicles are not over loaded and the speed is restricted from 20 to 25 Kmph Flexible curtains and dry fog system is installed at crusher unloading area. Transportation of limestone from crusher to cement plant is being carried out with the help of covered conveyor belt and crushed limestone is being stocked under the covered shed. Bag filter has been fixed at each transfer point of conveyor belt.</p>		<p>Date: 27/05/2026</p>
24	MISCELLANEOUS	A final mine closure plan, along with details of Corpus Fund, shall be submitted to the Regional Office of the Ministry of Environment Forests and Climate Change.
<p>PPs Submission: Agreed to Comply Agreed to Comply. A final Mine Closure Plan, along with Corpus Fund will be submitted to the Regional office of the MoEFand CC, 5 years in advance of final closure for approval.</p>		<p>Date: 27/05/2026</p>
<p>General Conditions</p>		
Sr.No.	Condition Type	Condition Details
1	MINING PLAN	No change in mining technology and scope of working shall be made without prior approval of the regional office of the Ministry of Environment and Forests.
<p>PPs Submission: Complied Noted for Compliance There will not be any change made in technology and scope of working without prior approval of the ministry</p>		<p>Date: 27/05/2026</p>
2	MISCELLANEOUS	No change in the calendar plan including excavation, quantum of mineral ore and waste shall be made

<p>PPs Submission: Being Complied Being Complied. No change in the calendar plan including excavation, quantum of mineral ore and waste.</p>		<p>Date: 27/05/2026</p>
3	Corporate Environmental Responsibility	Conservation measures for protection of flora and fauna in the core and buffer zone shall be drawn up in consultation with the local forest and wildlife department
<p>PPs Submission: Being Complied Being Complied The primary data of flora and fauna in the core and buffer zone has been collected. List of flora and fauna found in the area is mentioned in the inspection report of Forest Range officer forwarded by DFO, Proddatur Division, Kadapa. The same is attached herewith as Annexure - I We are submitted Application in Chief Wildlife Warden by 7th October- 2019 in compliance of conditions no 1 and 2 by 7th October- 2019. Wildlife conservation plan Approved by Chief Wildlife warden on 04.10.2021.</p>		<p>Date: 27/05/2026</p>
4	AIR QUALITY MONITORING AND PRESERVATION	Four ambient air quality monitoring stations shall be established in the core zone as well as in the buffer zone for RPM, SPM, So2, NOx monitoring Location of the station should be decided based on the meteorological data topographical features and environmentally and ecologically sensitive targets and frequency of monitoring should be undertaken in consultation with the State pollution control Board.
<p>PPs Submission: Being Complied Being Complied. Monitoring stations are fixed as per the guidance of the SPCB and being monitored regularly. 4 station established in core zone and 4 stations provided in buffer zone.</p>		<p>Date: 27/05/2026</p>
5	AIR QUALITY MONITORING AND PRESERVATION	Data on ambient air quality (RSPM, SPM, So2, Nox) should be regularly submitted to the ministry including its Regional office located at Bangalore and the State Pollution Control Board /Central Pollution Control Board Once Six months.
<p>PPs Submission: Being Complied Being submitted regularly. Data on ambient air quality (RSPM, SPM, SO2, NOx) attached as Annexure-3</p>		<p>Date: 27/05/2026</p>
6	AIR QUALITY MONITORING AND PRESERVATION	Fugitive dust emissions from all the sources shall be controlled regularly. Water spraying arrangement on haul roads, loading and unloading and at transfer points shall be provided and properly maintained.
<p>PPs Submission: Being Complied Being Complied</p>		<p>Date: 27/05/2026</p>
7	Noise Monitoring & Prevention	Measures shall be taken for control of noise levels below 85 dBA in the work environment workers engaged in operations of HEMM, etc. shall be provided with ear plugs /muffs.
<p>PPs Submission: Being Complied Being Complied The noise levels are being maintained within the prescribed limits and all the necessary PPEs provided to the workmen. The HEMM provided with AC cabins for dust and noise proof for operators</p>		<p>Date: 27/05/2026</p>
8	WASTE MANAGEMENT	Industrial waste water (workshop and waste water from the mine) should be properly collected treated so as to conform to the standards prescribed under GSR 422 (E) dated 19th May,1993 and 31ST December, 1993 or as amended from time to time. Oil and grease trap shall be installed before discharge of workshop effluents.

<p>PPs Submission: Being Complied Being Complied The waste water discharged from HEMM work shop is being collected in oil and water separator tanks. The treated water is being used for the dust suppression. The top layer of oil is being separately collected.</p>		<p>Date: 27/05/2026</p>
9	Human Health Environment	Personnel working in dusty areas shall be provided with protective respiratory devices and they shall also be imparted adequate training and information on safety and health aspects.
<p>PPs Submission: Being Complied Being Complied. Personnel working in dusty areas and provided with protective respiratory devices and regular training imparted and information on safety and health aspects.</p>		<p>Date: 27/05/2026</p>
10	MISCELLANEOUS	A separate Environmental Management cell with suitable qualified personnel shall be set up under the control of a Senior Executive, who will report directly to the Head of the Organization.
<p>PPs Submission: Being Complied Being Complied Environment Management cell has been set up and is functioning under the control of a Senior Executive reporting directly to Unit Head.</p>		<p>Date: 27/05/2026</p>
11	MISCELLANEOUS	The project authorities shall inform to the Regional Office of the Ministry located at Bangalore regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
<p>PPs Submission: Complied Complied The land development work had started on 24th July 2008. The date of financial closure of the project is 25th August 2008 The production started from 10.12.2008</p>		<p>Date: 27/05/2026</p>
12	MISCELLANEOUS	The funds earmarked for environmental protection measures shall be kept in separate account and shall not be diverted for other purpose. Year wise expenditure shall be reported to the Ministry and its Regional Office located at Bangalore.
<p>PPs Submission: Being Complied Agreed and being Complied EMP costs are being kept in separate account and are not diverted for any other purposes.</p>		<p>Date: 27/05/2026</p>
13	MISCELLANEOUS	The project authorities shall inform the Regional Office of the Ministry located at Bangalore regarding date of financial closures and final approval of the project by the concerned authorities and the date of start of land development work.
<p>PPs Submission: Complied Complied The land development work had started on 24th July 2008. The date of financial closure of the project is 25th August 2008 The production started from 10.12.2008</p>		<p>Date: 27/05/2026</p>
14	MISCELLANEOUS	The Regional office of the Ministry, Bangalore shall monitor compliance of the stipulated conditions. The project authorities shall extend full cooperation to the officer (s) of the Regional Office by furnishing the requisite data /information /monitoring reports.
<p>PPs Submission: Agreed to Comply Agreed and Noted for Compliance Full cooperation being extended as and when the officers visit the project site.</p>		<p>Date: 27/05/2026</p>
15	MISCELLANEOUS	A copy of clearance letter will be marked to concerned panchayat /local NGO, if any, from whom suggestion /representation has been

		received white processing the proposal
PPs Submission: Complied Complied		Date: 27/05/2026
16	MISCELLANEOUS	State Pollution Control Board shall display a copy of the clearance letter at the Regional office, District Industry Centre and Collectors office /Tehsildars office for 30 days.
PPs Submission: Complied Complied		Date: 27/05/2026
17	MISCELLANEOUS	The project authorities shall advertise at least in two local newspapers widely circulated one of which shall be in the vernacular language of the locality concerned within 7 days of the issue of the clearance letter informing that the project has been accorded environmental clearance and a copy of the clearance letter is available with the state Pollution Control Board and also at web site of the Ministry of Environment and Forests at http://envfor.nic.in and a copy of the same shall be forwarded to the Regional Office of the Ministry located Bangalore.
PPs Submission: Complied Complied Public notice has been published in Eenadu (Local) and Deccan Chronicle (English). Copies have already been submitted along with earlier compliance. The date of publication is on 25.04.2008.		Date: 27/05/2026
18	MISCELLANEOUS	The Ministry or any competent authority may alter/modify the above conditions or stipulate any other condition in the interest of Environment protection
PPs Submission: Agreed to Comply Noted and agreed to comply		Date: 27/05/2026
19	MISCELLANEOUS	Concealing factual data and submission of false and fabricated data and failure to comply the any of the conditions mentioned above may result in withdrawal of this clearance and attract action under the provisions of Environment(Protection) Act,1986.
PPs Submission: Agreed to Comply Condition is duly noted		Date: 27/05/2026
20	MISCELLANEOUS	Any appeal against this Environmental clearance shall lie with the National Environmental appellate Authority, if preferred, with in a period of 30 days as prescribed under section 11 of the National Environment Appellate Authority Act,1997.
PPs Submission: Agreed to Comply Condition is duly noted.		Date: 27/05/2026
21	MISCELLANEOUS	The above conditions will be enforced inter-alia under the provisions of the Water(Prevention and Control of pollution)Act,1974, The Air(Prevention and Control of Pollution)Act,1981, The Environment (Protection) Act,1986 and The Public Liability Insurance Act,1991 along with their amendment rules.

PPs Submission: Agreed to Comply
Condition is duly noted.
